REVIEW

Each Advisory Committee will review these terms of reference and functional performance of the Advisory Committee annually to ensure it remains consistent with the Advisory Committee's authority, purpose, function, and responsibilities. Any recommended changes should be forwarded to the Executive Office for consideration by Council.

FUNCTIONS AND RESPONSIBILITIES: NEW OR MINOR SPORTS

With well-established sports, the running of events is carried out by affiliated clubs and so also is the training and promotions for the sport.

For an ANKC sport that is not yet holding events in this State, Dogs SA may authorise the establishment of a Working Party, provided it was demonstrated that there was sufficient potential for the sport to proceed. This Working Party would:

- Undertake the promotion of the sport with the SA Dog Sport community

TERMS OF REFERENCE

- Hold information sessions
- Hold training sessions
- Identify potential Foundation Judges
- Hold mock trials.

After 1 to 2 years there should be a review of the Working party's progress by Dogs SA and if there is sufficient participation by the SA Dog Sport community then Dogs SA may support the establishment of an Advisory Committee.

Once an Advisory Committee is established, in addition to the normal functions and responsibilities outlined in this document it would also need to expedite a Foundation Judges program. Additionally, there will usually be a need for the Advisory Committee to undertake the roles usually undertaken by affiliated clubs, i.e.:

- Undertake promotion of the sport, including demonstrations
- Provide training sessions
- Organise workshops, often with interstate experts in the sport
- Hold mock trials
- Hold scheduled trials for ANKC qualifications & titles

After 2 to 3 years, it is expected that either existing affiliated clubs and/or a newly established club would enable the Advisory Committee to cease its involvement in the activities normally undertaken by affiliated clubs. However, the Advisory Committee may continue to undertake promotion, training, and the holding of trials if necessary.
