

Double Agility Champion Excellent (DbAgChEx)

Following the last review of the Rules for the conduct of Agility Trials several new titles were added, the wording for the Double Agility Champion Excellent (Rule 3.2.3.4.) is unclear and contradictory.

The National Agility Committee (the Committee) have provided the following points to clarify the intent of the clause and to ensure that the title is granted equally across all states / territories:

- An application for the title of DbAgChEx can only be made after satisfying all of the criteria for the DbAgCh title, it is not a requirement to apply for the DbAgCh title before applying for the DbAgChEx title provided all criteria has been met and evidence provided
- The dog must have achieved ten (10) qualifying first places in both Masters Agility and Masters Jumping
- Two qualifying first places in Masters Agility and two qualifying first places in Masters Jumping must have been obtained after 1 January 2026
- Qualifying first places in either Masters class that were used to obtain the 500 points required for the Agility Champion and Jumping Champion titles can also be used to apply for the DbAgChEx title

The Committee will review the wording of Rule 3.2.3.4. in the next rule review.
